HAUTE VALEUR ENVIRONNEMENTALE

"The sleeping beautiful" is a nickname that we give for its exceptional terroir.It has benefited from major drainage and stimulation developments in its ecosystem.Our agroecological approach and bio-regulation allow us to cultivate our vines and vinify with respect for the terroir.With the expertise of microbiologist Christophe Gerland, we amaze this sulfite -free cuvée added by observing our indigenous yeasts and bacteria for precise control of fermentations.The result: a pure, fruity and digestible wine, with bright aromas of red and black fruits, a flexible and fresh mouth, revealing all the expression of our Saint-Emilion.
