AGRICULTURE BIOLOGIQUE

The Château du Parc is a wine estate located in the appellation of Saint-Émilion Grand Cru, in the heart of one of the oldest and prestigious wine regions in Bordeaux. Françoise and Alain Raynaud acquired the Parc castle for the 2011 vintage. Then in 2016, the American Tom Sullivan bought the Park castle, a few weeks before the harvest. The Park Castle is distinguished by its commitment to quality. In the vines, we aim for excellence by harvesting by hand, work is neat and environmentally friendly. In the cellar, the work is fragmented to preserve the identity of terroirs and grape varieties, thus guaranteeing that each wine captures the authentic essence of the Saint-Émilion Grand Cru appellation. Main vintage
