HAUTE VALEUR ENVIRONNEMENTALE

Château-Figeac, 1st Grand Cru Classé "A" in Saint-Emilion, has belonged to the Manoncourt family since 1892. Today, the family has lived and still works on this 54 hectare property, taking care of their 41 hectares of vineyards as well as its preserved green spaces, including forests, meadows, rivers and a diversity of flora and fauna. The Figeac terroir is unique in the appellation, mainly composed of deep and pure bass on a basement of blue clay. This particular terroir allows very rare grapes: a third of Merlot, a third of Cabernet Sauvignon and a third of Cabernet Franc. Its wines are recognized for their purity and freshness, with a complex aromatic structure and a very important childcare potential.
