Barrels 1 wine and more %
New barrels %

Château de Candale covers 6 hectares from the famous south coast of Saint-Emilion.This privileged situation places the vineyard at the heart of the largest clay-limestone terroirs in the name.The wines are powerful and very solar with a ripe and modern profile.After having followed the recommendations of the Bordeaux Wine Environmental Management System in 2010, Magali & Thibaut Decoster obtained level 3 -environmental value certification in 2021. In 2024, Câteau de Candale will complete its conversion to organic farming.
