HAUTE VALEUR ENVIRONNEMENTALE

A viticultural micro-domain created in 2006 by a couple of winegrowers passionate about wine and animated by the search for perfection. Located on the prestigious terroir of Saint-Emilion, listed as World Heritage in Humanity, it produces a wine of great elegance: Château Adaugusta, Saint-Emilion Grand Cru, from old vines planted with Merlot and Cabernet Franc.The cultivation of the vine and the vinification receive the best advice from Hubert de Boüard (Angelus) Consulting. The name Adaugusta comes from the Latin motto "AD Augusta per Angusta" (we only reach the summits at the cost of great efforts).An entire program ! The wines of the domain have a deep ruby color, aromas of red fruits and blackcurrant, with spicy notes and a delicate wood. Conservation: 10 to 15 years
