Stainless steel

AGE IN TANKS

3 years

AVERAGE AGE OF THE WINE

9000

## — Environmental certifications

HAUTE VALEUR ENVIRONNEMENTALE

Château Belle Nauve, a vineyard transmitted from mothers to girls, for 3 generations. It was in St Laurent des Combes, in 1952, at the foot of the medieval village of St Emilion, that the grandparents of Nathalie, current manager, founded their exploitation. The gaze turned to the future, Château Belle Nauve has changed both working and vinification techniques. The environment placed at the heart of this route, the vineyard has been certified HVE since the 2018 vintage. The renovated winemaking and breeding cellars allow wines to be developed while respecting the terroir. You can taste the wine imbued with the minds of these women who shaped it, in order to bring it this sweet fruity character, in finesse and elegance, accompanied by round and melted tannins.
