## — Environmental certifications

SYSTÈME DE MANAGEMENT  
ENVIRONNEMENTAL - ISO 14001

The 15 hectares of Château Grand Corbin Manuel are located on the descending slopes of the Saint-Émilion limestone plateau to the Barbanne river. As soon as the castle is taken back in 2005, the team is organized to ensure the continuity of the good hold of the vineyard. The more precise characterization of the terroirs now allows parcel management in the vine and the cellar in order to obtain the most faithful expression of each entity.
