HAUTE VALEUR ENVIRONNEMENTALE

Château Clos Cormey has been a family property since 1956. Located in the town of Saint Emilion in the direction of Libourne, the lands are on a rump oriented from north to south. The type of soil is sandy and we benefit from the end of the blue clay veins from Pomerol. Château Clos Cormey's grape varieties is 60% Merlot, 22% Cabernet Franc and 18% Cabernet Sauvignon. The wines produced are aromatic, silky and fruity marked by a beautiful elegance thanks to the Cabernets who develop beautifully on this terroir. We practice reasoned agriculture with natural grassions in order to promote biodiversity. Since 2016, we have resumed the exploitation in order to cause a family history to last and the work accomplished by our grandparents and aunt.

Address
