HAUTE VALEUR ENVIRONNEMENTALE

Wine vinified and high without contribution of sulfites. Odile Charpentier spent all his life as a winegrower at a place called Jamard, in the town of Lussac. Respectful of this Jamard land to which she was so attached, she was the designer of Château Haut-Jamard, cradle of the carpenter vineyard. This special cuvée is created to pay tribute to him on the 2018 vintage, the year of his disappearance. Raised with the greatest care, this cuvée is respect for the terroir and the living, as conceived by Odile.
