The choice of organic viticulture: Château Jean Faure was certified organic in 2017 and biodynamics in 2023. The teams of Château Jean Faure lead with conviction, a soft and radiant organic viticulture. This requires a daily basis of a daily basis in order to strengthen the natural defenses of the plant.The use of preventive products, natural decoctions, compliance with the lunar calendar, disbursement and all work in green are all practices that help the vine to defend itself.
