AGRICULTURE BIOLOGIQUE

The Bourrigaud family has owned the Château Champion vineyard since the 18th century. Located in the heart of the St-Emilion vineyard, this property covers an area of 6.80 hectares on a clay-limestone terroir. In 1903, the Bourrigaud family became the owner by alliance of the Château Vieux Grand Faurie in AOC Saint Emilion Grand Cru which represents 5 hectares. Pascal Bourrigaud succeeded his father Jean in 1994 and represents the 8th generation at Château Champion. In 1999, he acquired the Haute-Terrasse castle located in Castillon Côtes de Bordeaux AOC, neighboring name of Saint-Emilion. The area of the vineyard is 5 hectares. Pascal and his wife Véronique currently manage the various farms. After long years of reasoned agriculture, they have now been an organic farming since 2018, the label of which they have acquired in 2021. The vintages labeled AB have been available since September 2023.
